ACT-16 *Disc of Memories*

I know

Have come back as well

He still lives...

There's something
that I'd like
your cooperation
on...

Using this thing
to search...
It's too laborious.

Help me
break into
and steal the
list of names
of all the
underworld...

Bolt
Crack...

Levin has changed
his name to
Bolt now...

I have
some problems
on this side
as well...

There are
still many things we
have to
cooperate on...

The disc
with the
list...
has
been
stolen...

A
traitor
per se!

But I know that
the thief is...
an officer from
Division 2...

She didn't know that reading the disc would be a big blow to her.

An officer with a sense of justice?

The reputation about police robots that's popular now...

How so?

Correct.

Manufactured by Stella's Corporation.

Spectra Unit.

That's because she's a robot too!

Her name is...

Yuki Maki.

Then what do you want me to do?

It's said that you...
are the world's
greatest memory!!

Don't let
down your
hands either!

Don't
look
that way!

I stole a disc...
from the
police chief

I am called
John Malice

What
deal?

I didn't come
to arrest you...
it's to ask for
your help...

I wish that
you can bring
it to the senate

It proves
that there
are robots
in the police

Because
I've been
imprisoned...

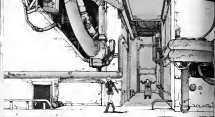

Why
don't
you go
yourself?

And I don't
think I can
get out of this
safely...

Reward?
That disc can
prove your
innocence!

Then
the
reward?

He
there are
you?

What were
you doing
here?

A pep.
I already
banded the
disc out

You were
sent by
the chief?

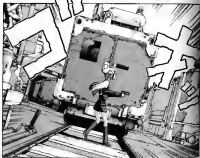

Don't
move!!

You
are

"Blank"

What's
your
objective?

Nothing... that
you... look very
much like...
someone...
I know...

What?
You don't
have my
permission

No...
thing?

That...?

Sorry!
I thought
that...

Like someone?
So this is a case
of mistaken...

Oh...

Should be
a kind of
weapon...

What... is
this?

It's dangerous.

What is it?

Yeah!

You are a police!

Then you should've heard?
The rumor that there are robots among the police...

But she didn't
think much of
me...

I once knew
someone
I admired...

You really are
a lady-killer

That person
must really
look like me!

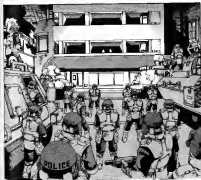

You
successfully
attracted me

It isn't hard to
have a flake
around with a
poor ladies' man
near the end!

It looks
like no...

A pity that
trouble came
a'knocking!

Shadow!
Have you
found the
disc yet?

Not yet.

The disc
is not
here....

カカガカガカ

What...
what's the
meaning of
this?

Because she
still doesn't know
that she's on
a road...

I did
this all
for
Julia...

To give back
what she
lost...

Why come
back?

You...

"dum"

So that girl...
was made
modelling after
Sella...

"crack"

2/10/99

At first,
I thought she
was Stella
herself...

But I was
earlier than
you!

So you still
didn't know

What I gave
her... was
her own
Daryl!

Fake!

The
dead!

Even though they
are false ..

They are still
Her
memories

ACT-IV Man From the Past

Really?

Looks like
Stella wants
him you
very much

Right?

Who did
you heard
this from?

What does
Stella want
to use
the throne for?

Then what's
your plan
after that?

But no matter
what, I already
decided to go
my separate
way with Stella

To use that
or not is your
choice...

Want to
come
help?

To open
a small
factory...

I
understand...

Because...
Lucy...
I...

More!
More power!
Increase the
voltage!

The
production
dropped
quite a
bit.

Because
Madeline
Dakota...
left...

Why are
you always
helping her?

Look!
What are
you doing?!

Where did
you always
run off to?

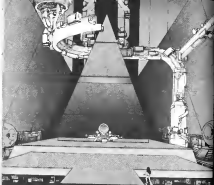

I waited
for you
every
night!

You care
for her
so...

But you
don't paid
any attention
to me
at all!

The program
that would
dominate here...
Cackula gave it
to me.

That
is...

Scanned
me to
death.

won't
try
to spy
on me.

I know
that your
visit
is a night

So, if
only this
were to be
destroyed

Then
we can...

Then,
after you
disappeared...

A black and white illustration of two figures in a landscape. On the left, a figure in a long white robe and a hooded cloak stands with their back to the viewer, looking towards the right. On the right, a taller figure in a dark, heavy coat and a hooded cloak stands facing the first figure. The background shows a line of trees and a cloudy sky. The ground is uneven and rocky.

Stella's
plan was
stopped!

A close-up black and white illustration of a person's face. The person has light-colored hair and is looking downwards with a serious, almost somber expression. They are wearing a hooded garment that frames their face.

Not long afterwards,
even Stella left...
Before she left, she told
me, to be your shadow...

A black and white illustration showing a small figure in a dark coat and hood walking away on a path. The path is marked with white lines and leads into the distance. The figure is casting a long shadow on the ground. The background is a simple, open landscape.

You
know
Bolt?

What
business
is it to
you?

Don't
come
close!

Stop!

Leave!
I'm Lethal!

Ow!

I don't know!

What are you?

No
too?

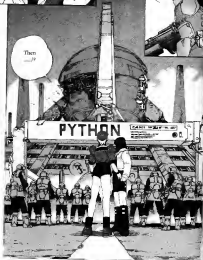

I'm a friend
who knew him
for 10 years!

Why did
he come here?

Where does
he plan to go?

Do you
know
him
at all?

Why did you
try to find out
where Stella is?

If your
goal
is only this

Maybe I
want to
have a drink
with her?

Ten
years
no see
...

Oh
No...

Let that guy
escape again.

Who said
that he's Leon?

He's
Boby!

That...
Of
course!

To Leon,
this level of
destruction can't
kill him!

Fool!

busy
...?

The purpose
wasn't for
surveillance

Ten years
ago, you
visited me
every night

Then we
can

So, if only
this place
is destroyed

But...

I know that
you would still
leave...

I
Don't Know

When

will you
come back
again?

I really
hate
cities
